

Lapland 2026

Dear Small Folk,

The snow is falling softly outside my window here in Lapland as I write to you with a most exciting idea.

Small Folk, because children have been so kind this year, the Elves have more toys to make than ever before. There is so much to do and they will need help if everything is to be ready for Christmas.

And that is when I thought of you. I would like to invite you to make the magical journey to Lapland and help us. Will you?

Your adventure begins at the Whispering Woods, where the Woodland Elves will meet you and guide you along their secret pathways.

Please come and find me in my snowy woodland home too so I can thank you for your help.

Warm Wishes

Father Christmas
